CONTENTS

NUMBER 1, 1937

The Staling of Coffee. Samuel C. Prescott, Robert L. Emerson, and L. Vernon Peakes, Jr. 1
Detection and Significance of the Coliform Group in Milk. II. Identification of Species Isolated. M. T. Bartram and L. A. Black 21
Thermophilic Canned-Food Spoilage Organisms in Sugar and Starch. Francis M. Clark and Fred W. Tanner 27
Stability of Vitamin C in Sweet Corn to Shipping, Freezing, and Canning. C. F. Dunker, C. R. Fellers, and G. A. Fitzgerald 41
A Photo-Electric Tyndall Meter. W. S. Mueller 51
Undesirable Color Change in Frozen Peas Stored at Insufficiently Low Temperatures. Horace Campbell 55
Ascorbic-Acid Content of Bananas at Three Stages During Ripening. Ruth M. Leverton 59
Influence of Certain Fruits on Fecal Flora and Intestinal Reaction in Diets of Rats. William B. Esselen, Jr. 65
A Comparison of Media and Incubation Temperatures for Making Bacteria Counts of Spray-Process Dry Skim Milk. L. R. Curtis and J. L. Hileman 73
Some Observations on Vitamin-C Content of Oranges and Lemons. Jessie E. Richardson, Ruth Davis, and Phyllis Sullivan 81
Vitamin-C Content of Potatoes Prepared for Table Use by Various Methods of Cooking. Jessie E. Richardson, Ruth Davis, and Helen L. Mayfield 85

NUMBER 2, 1937

Action of Microörganisms on Fats. L. B. Jensen and D. P. Grettie 97
A Review of the Bacteriology of Fresh Marine-Fishery Products. Francis P. Griffiths 121
Organic Acids of the Ripe Banana. Philip L. Harris and George L. Poland 135
Relation of Acidity of Milk to Oxidized Flavor. E. O. Anderson, L. R. Dowd, and C. A. Stuewer 143
Spinach and Kale in Frozen Pack. I. Scalding Tests. II. Microbiological Studies. Helen F. Smart and B. C. Brunstetter 151
The Staling of Coffee, II. S. C. Prescott, R. L. Emerson, R. B. Woodward, and R. Heggie 165
Vitamin C in Vegetables. VII. Lima Beans. D. K. Tressler, G. L. Mack, R. R. Jenkins, and C. G. King 175

NUMBER 3, 1937

Food Flavors—A Critical Review of Recent Literature. E. C. Crocker and Washington Platt 183
The Flavor of Meat and Meat Products. Paul E. Howe and Nicholas G. Barbella 197
Use of Activated Carbon for Correction of Flavors. John W. Hassler 203
Obtaining a Panel for Judging Flavor in Foods. Florance B. King 207
Flavor of Alcoholic Beverages. E. K. Nelson 221
Chemical Determination of Aroma in Butter and Butter Cultures. M. E. Parker and G. W. Shadwick, Jr. 227

Some Fundamental Assumptions Pertaining to the Judgment of Food Flavors. Washington Platt 237
Modern Trends in Flavors. Bernard H. Smith 251
Oxidation in Relation to Off-Flavors in Milk and Certain Milk Products. L. M. Thurston 255
Measuring Food Flavors. Ernest C. Crocker 273

NUMBER 4, 1937

Objective Tests for Cooked Food. Evelyn G. Halliday 287
Composition of Summer Squash and Its Relationship to Variety, Stage of Maturity, and Use as a Food Product. C. W. Culpepper 289
Studies on Phenothiazine. I. A Colorimetric Method for Estimation of Phenothiazine. C. W. Eddy and Floyd DeEds 305
Vitamin Studies on Bananas. I. The Vitamin A, B_1, and C Contents of Ripe Bananas. Philip L. Harris and George L. Poland 311
The Salt Limits and Thermal Stability of a New Species of Anaerobic Halophile. J. G. Baumgartner 321
Vitamin C in Citrus-Juice Beverages and Canned Grapefruit Juice. John A. Roberts 331
Effect of Freezing and Thawing Beef Muscle Upon Press Fluid, Losses, and Tenderness. Pauline Paul and Alice M. Child 339
Isolation and Cultural Differentiation of Food-Poisoning Staphylococci. George H. Chapman, Clarence W. Lieb, and Lillian G. Curcio 349
Apparatus for Determination of Spore-Destruction Rates. C. C. Williams, C. M. Merrill, and E. J. Cameron 369
Potato Mealiness and Changes in Softness on Cooking. Mark A. Barmore 377

NUMBER 5, 1937

A Comparison of Various Treatments of Cement and Steel Wine-Tank Surfaces. W. V. Cruess, T. Scott, H. B. Smith, and L. M. Cash 385
A Thermostatically Controlled Cabinet for Use in Ethylene Treatment of Pears. William Rabak and Paul Marsh 397
Identity of Sugars in the Ripe Banana. G. L. Poland, H. von Loesecke, M. W. Brenner, J. T. Manion, and P. L. Harris 403
Instant Whipping of Cream by Aeration. C. A. Getz, G. Frederick Smith, P. H. Tracy, and M. J. Prucha 409
Microbiological Studies on Cultivated Blueberries in Frozen Pack. Helen F. Smart 429
Bactericidal Effects of Onion Vapors. T. H. Lovell 435
Corrosion of Metals by Musts and Wines. E. M. Mrak, D. C. Caudron, and L. Cash 439
Oat Flour and Hexane Extract of Oat Flour as Antioxidants for Shelled Walnuts and Walnut Oil. C. L. Bedford and M. A. Joslyn 455

NUMBER 6, 1937

Characteristics of an Organism Causing Spoilage in Fortified Sweet Wines. H. C. Douglas and L. S. McClung 471
Preservation and Storage of Hens' Eggs. Paul F. Sharp 477

Influence of Calcium in Cooking Water Upon Mineral Content of Vegetables. Isabel Noble and Evelyn G. Halliday 499
Thermal Death-Time Studies of *Oospora Lactis*. Fred W. Tanner and Jesse W. Hofer 505
Types and Survival of Some Microörganisms in Frozen-Pack Peas, Beans, and Sweet Corn Grown in the East. Helen F. Smart 515
Mineral Constituents of Honey. II. Phosphorus, Calcium, Magnesium. H. A. Schuette and D. J. Huenink 529
Effects of Certain Metals and Alloys on Claret- and Sauterne-Type Wines Made From Vinifera Grapes. E. M. Mrak, L. Cash, and D. C. Caudron 539
Losses of Vitamin C During Cooking of Northern Spy Apples. Katherine M. Curran, Donald K. Tressler, and Charles G. King 549
Effectiveness of Cotton-Swab Methods in Bacteriological Examination of Paper Ice Cream Containers. M. L. Speck and L. A. Black 559
Numbers and Types of Bacteria Isolated From Paper Ice Cream Containers. M. L. Speck and L. A. Black 567
Review of Literature on Meat for 1936. R. C. Newton, M. M. Piskur, J. M. Ramsbottom, H. E. Robinson, and B. B. McLean 581

INDEX TO VOLUME 2

A comparison of media and incubation temperatures for making bacteria counts of spray-process dry skim milk 73
A comparison of various treatments of cement and steel wine-tank surfaces 385
A photo-electric Tyndall meter 51
A review of the bacteriology of fresh marine-fishery products 121
A thermostatically controlled cabinet for use in ethylene treatment of pears 397
Acidity of milk and oxidized flavor 143
Action of microörganisms on fats 97
Activated carbon for correction of flavors 203
Aeration of cream, whipping 409
Aerobacter sp. in milk 21
Alcoholic beverages, flavor of 221
Alloys and metals in wine 539
Anaerobic halophile, *Bacteroides halosmophilus* 321
Anderson, E. O., Dowd, L. R., and Stuewer, C. A. Relation of acidity of milk to oxidized flavor 143
Antioxidant, oat-flour 455
Apparatus for determination of spore-destruction rates 369
Apples, vitamin C in 549
Aroma in butter 227
Ascorbic-acid content of bananas at three stages during ripening 59
Bacteria from ice cream containers 567
———, action on fats 97
———, thermophilic in sugar and starch 27
Bacterial counts of dry skim milk 73
Bacterial flora of intestines 65
Bactericidal effects of onion vapors 435
Bacteriological examination of paper containers 559
Bacteriology of fresh fishery products 121
Bacteroides halosmophilus 321
Bananas, ascorbic acid content 59
———, organic acids in 135
———, sugars in 403
———, vitamins A, B, and C in 311
Barbella, Nicholas G., and Howe, Paul E. The flavor of meat and meat products 197
Barmore, Mark A. Potato mealiness and changes in softness on cooking 377
Bartram, M. T., and Black, L. A. Detection and significance of the coliform group in milk. II. Identification of species isolated 21
Baumgartner, J. G. The salt limits and thermal stability of a new species of anaerobic halophile 321
Beans, frozen pack 515
Bedford, C. L., and Joslyn, M. A. Oat flour and hexane extract of oat flour as antioxidants for shelled walnuts and walnut oil 455
Beef muscle, freezing and thawing 339
Beverages, alcoholic, flavor of 221
———, vitamin C in citrus-juices 331
Black, L. A., and Bartram, M. T. Detection and significance of the coliform group in milk. II. Identification of species isolated 21

———, and Speck, M. L. Effectiveness of cotton-swab methods in bacteriological examination of paper ice cream containers..... 559
———, and ———. Numbers and types of bacteria isolated from paper ice cream containers..... 567
Blueberries in frozen pack..... 429
Brenner, M. W., Manion, J. T., Harris, P. L., Poland, G. L., and von Loesecke, H. Identity of sugars in the ripe banana..... 403
Brunstetter, B. C., and Smart, Helen F. Spinach and kale in frozen pack. I. Scalding tests. II. Microbiological studies..... 151
Butter aroma..... 227
Butter cultures, aroma..... 227
Cabinet for ethylene treatment of pears..... 397
Calcium in cooking water..... 499
Calcium in honey..... 529
Cameron, E. J., Williams, C. C., and Merrill, C. M. Apparatus for determination of spore-destruction rates..... 369
Campbell, Horace. Undesirable color change in frozen peas stored at insufficiently low temperatures..... 55
Canned-food spoilage organisms in sugar and starch..... 27
Canned grapefruit juice, vitamin C in..... 331
Canning, stability of vitamin C in sweet corn and..... 41
Cash, L., Caudron, D. C., and Mrak, E. M. Effects of certain metals and alloys on claret- and sauterne-type wines made from vinifera grapes..... 539
———, Cruess, W. V., Scott, T., and Smith, H. B. A comparison of various treatments of cement and steel wine-tank surfaces..... 385
———, Mrak, E. M., and Caudron, D. C. Corrosion of metals by musts and wines..... 439
Caudron, D. C., Cash, L., and Mrak, E. M. Corrosion of metals by musts and wines..... 439
———, Mrak, E. M., Cash, L. Effects of certain metals and alloys on claret- and sauterne-type wines made from vinifera grapes..... 539
Cement wine-tank surfaces..... 385
Chapman, George H., Lieb, Clarence W., and Curcio, Lillian G. Isolation and cultural differentiation of food-poisoning staphylococci..... 349
Characteristics of an organism causing spoilage in fortified sweet wines..... 471
Chemical determination of aroma in butter and butter cultures..... 227
Child, Alice M., and Paul, Pauline. Effect of freezing and thawing beef muscle upon press fluid, losses, and tenderness..... 339
Citrus-juice beverages, vitamin C in..... 331
Clark, Francis M., and Tanner, Fred W. Thermophilic canned-food spoilage organisms in sugar and starch..... 27
Coffee, staling of..... 1, 165
Coliform group in milk..... 21
Color change in frozen peas..... 55
Colorimetric method of phenothiazine..... 305
Composition of summer squash and its relationship to variety, stage of maturity, and use as a food product..... 289
Containers for ice cream, examination of..... 559
Cooked foods, objective tests..... 287
Cooking, effect on potatoes..... 377
Cooking of apples, vitamin C in..... 549

Cooking water, calcium in 499
Correction of flavors by activated carbon 203
Corrosion of metals by musts and wines 439
Cream, whipping by aeration 409

CONTENTS

NUMBER 1, 1937

The Staling of Coffee. Samuel C. Prescott, Robert L. Emerson, and L. Vernon Peakes, Jr. 1
Detection and Significance of the Coliform Group in Milk. II. Identification of Species Isolated. M. T. Bartram and L. A. Black 21
Thermophilic Canned-Food Spoilage Organisms in Sugar and Starch. Francis M. Clark and Fred W. Tanner 27
Stability of Vitamin C in Sweet Corn to Shipping, Freezing, and Canning. C. F. Dunker, C. R. Fellers, and G. A. Fitzgerald 41
A Photo-Electric Tyndall Meter. W. S. Mueller 51
Undesirable Color Change in Frozen Peas Stored at Insufficiently Low Temperatures. Horace Campbell 55
Ascorbic-Acid Content of Bananas at Three Stages During Ripening. Ruth M. Leverton 59
Influence of Certain Fruits on Fecal Flora and Intestinal Reaction in Diets of Rats. William B. Esselen, Jr. 65
A Comparison of Media and Incubation Temperatures for Making Bacteria Counts of Spray-Process Dry Skim Milk. L. R. Curtis and J. L. Hileman 73
Some Observations on Vitamin-C Content of Oranges and Lemons. Jessie E. Richardson, Ruth Davis, and Phyllis Sullivan 81
Vitamin-C Content of Potatoes Prepared for Table Use by Various Methods of Cooking. Jessie E. Richardson, Ruth Davis, and Helen L. Mayfield 85

NUMBER 2, 1937

Action of Microörganisms on Fats. L. B. Jensen and D. P. Grettie 97
A Review of the Bacteriology of Fresh Marine-Fishery Products. Francis P. Griffiths 121
Organic Acids of the Ripe Banana. Philip L. Harris and George L. Poland 135
Relation of Acidity of Milk to Oxidized Flavor. E. O. Anderson, L. R. Dowd, and C. A. Stuewer 143
Spinach and Kale in Frozen Pack. I. Scalding Tests. II. Microbiological Studies. Helen F. Smart and B. C. Brunstetter 151
The Staling of Coffee, II. S. C. Prescott, R. L. Emerson, R. B. Woodward, and R. Heggie 165
Vitamin C in Vegetables. VII. Lima Beans. D. K. Tressler, G. L. Mack, R. R. Jenkins, and C. G. King 175

NUMBER 3, 1937

Food Flavors—A Critical Review of Recent Literature. E. C. Crocker and Washington Platt 183
The Flavor of Meat and Meat Products. Paul E. Howe and Nicholas G. Barbella 197
Use of Activated Carbon for Correction of Flavors. John W. Hassler 203
Obtaining a Panel for Judging Flavor in Foods. Florance B. King 207
Flavor of Alcoholic Beverages. E. K. Nelson 221
Chemical Determination of Aroma in Butter and Butter Cultures. M. E. Parker and G. W. Shadwick, Jr. 227

Some Fundamental Assumptions Pertaining to the Judgment of Food Flavors. Washington Platt 237
Modern Trends in Flavors. Bernard H. Smith 251
Oxidation in Relation to Off-Flavors in Milk and Certain Milk Products. L. M. Thurston 255
Measuring Food Flavors. Ernest C. Crocker 273

NUMBER 4, 1937

Objective Tests for Cooked Food. Evelyn G. Halliday 287
Composition of Summer Squash and Its Relationship to Variety, Stage of Maturity, and Use as a Food Product. C. W. Culpepper 289
Studies on Phenothiazine. I. A Colorimetric Method for Estimation of Phenothiazine. C. W. Eddy and Floyd DeEds 305
Vitamin Studies on Bananas. I. The Vitamin A, B_1, and C Contents of Ripe Bananas. Philip L. Harris and George L. Poland 311
The Salt Limits and Thermal Stability of a New Species of Anaerobic Halophile. J. G. Baumgartner 321
Vitamin C in Citrus-Juice Beverages and Canned Grapefruit Juice. John A. Roberts 331
Effect of Freezing and Thawing Beef Muscle Upon Press Fluid, Losses, and Tenderness. Pauline Paul and Alice M. Child 339
Isolation and Cultural Differentiation of Food-Poisoning Staphylococci. George H. Chapman, Clarence W. Lieb, and Lillian G. Cureio 349
Apparatus for Determination of Spore-Destruction Rates. C. C. Williams, C. M. Merrill, and E. J. Cameron 369
Potato Mealiness and Changes in Softness on Cooking. Mark A. Barmore 377

NUMBER 5, 1937

A Comparison of Various Treatments of Cement and Steel Wine-Tank Surfaces. W. V. Cruess, T. Scott, H. B. Smith, and L. M. Cash 385
A Thermostatically Controlled Cabinet for Use in Ethylene Treatment of Pears. William Rabak and Paul Marsh 397
Identity of Sugars in the Ripe Banana. G. L. Poland, H. von Loesecke, M. W. Brenner, J. T. Manion, and P. L. Harris 403
Instant Whipping of Cream by Aeration. C. A. Getz, G. Frederick Smith, P. H. Tracy, and M. J. Prucha 409
Microbiological Studies on Cultivated Blueberries in Frozen Pack. Helen F. Smart 429
Bactericidal Effects of Onion Vapors. T. H. Lovell 435
Corrosion of Metals by Musts and Wines. E. M. Mrak, D. C. Caudron, and L. Cash 439
Oat Flour and Hexane Extract of Oat Flour as Antioxidants for Shelled Walnuts and Walnut Oil. C. L. Bedford and M. A. Joslyn 455

NUMBER 6, 1937

Characteristics of an Organism Causing Spoilage in Fortified Sweet Wines. H. C. Douglas and L. S. McClung 471
Preservation and Storage of Hens' Eggs. Paul F. Sharp 477

Influence of Calcium in Cooking Water Upon Mineral Content of Vegetables. Isabel Noble and Evelyn G. Halliday 499
Thermal Death-Time Studies of *Oospora Lactis*. Fred W. Tanner and Jesse W. Hofer 505
Types and Survival of Some Microörganisms in Frozen-Pack Peas, Beans, and Sweet Corn Grown in the East. Helen F. Smart 515
Mineral Constituents of Honey. II. Phosphorus, Calcium, Magnesium. H. A. Schuette and D. J. Huenink 529
Effects of Certain Metals and Alloys on Claret- and Sauterne-Type Wines Made From Vinifera Grapes. E. M. Mrak, L. Cash, and D. C. Caudron 539
Losses of Vitamin C During Cooking of Northern Spy Apples. Katherine M. Curran, Donald K. Tressler, and Charles G. King 549
Effectiveness of Cotton-Swab Methods in Bacteriological Examination of Paper Ice Cream Containers. M. L. Speck and L. A. Black 559
Numbers and Types of Bacteria Isolated From Paper Ice Cream Containers. M. L. Speck and L. A. Black 567
Review of Literature on Meat for 1936. R. C. Newton, M. M. Piskur, J. M. Ramsbottom, H. E. Robinson, and B. B. McLean 581
